

COVID update 23rd February 2022

The Prime Minister has announced the lifting of restrictions across England and as an eldership team we have reviewed what we will be asking people to do at church. Therefore, we have decided the following:

- If you have COVID symptoms please do not attend KCC meetings until you are feeling better or have a negative test.
- Feel free to wear a face covering if you wish, but it is not compulsory.
- We will continue to provide hand sanitiser for people to use.
- We will also continue to have open windows to provide good ventilation.
- We won't be enforcing social distancing but please bear in mind that some people are more cautious than others and may not want to sit closely together.
- We will have prayer ministry and if you are taking part in this it would be a good time to wear a face mask to keep others, particularly vulnerable people safe.
